

# Lead Paint Hazard Control

## Grant Opportunity

**Lead based paint used in older homes can be a hazard to your children. In Linn County 2.8% of those children tested under the age of six have an elevated blood lead level. Lead poisoning is totally preventable.**

City of Cedar Rapids and Linn County Public Health have been awarded a three year grant from the Department of Housing and Urban Development (HUD) for Lead Hazard Control. All applicants must meet the HUD income guidelines AND house a child under age six to qualify for assistance, reside within the target area, and meet one of the grant priorities. Opportunities are available for investor owned properties where tenants meet the income guidelines. You may also qualify for additional rehabilitation assistance.

**Please call 319-286-5872 for more information.**

**Public Health**  
Prevent. Promote. Protect.

**Housing Services • 1211 6th St. SW, Cedar Rapids, IA 52404**

**Attention: Renovators, Remodelers, Painters Or anyone who disturbs more than 1 sq. foot of a painted surface in a pre 1978 house or child occupied facility!**

**Federal EPA rules for Lead Safe Renovation,**

Remodeling and Painting RRP Rules, have been adopted under the Iowa Administrative Code, Ch.70. This requires all firms in the State to be certified under the RRP rule and requires at least one Certified Renovator in the firms employment. To become certified, you must attend class and then apply to the Iowa Department of Public Health. Classes are provided by the City of Cedar Rapids in partnership with Linn County Public Health. Call for more information or to register at 319-286-5872.

Iowa's children are being lead poisoned. You can help reduce the chances of lead poisoning by applying simple, Safe Work Practices. You can be part of the solution
